

Heartland Youth Values

Welcoming Fellowship

We want to share Jesus and His word with others, so we strive to create a welcoming environment for all guests, members, and participants. When you're here, you're a part of the family, so join in, ask questions, and have fun. We ask students to include others in activities, discussions, and fellowship.

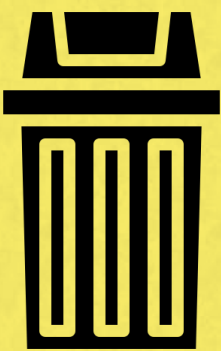

Trusted Adults

Heartland Youth is led by adults who have passed background checks, sign a leadership agreement/abuse policy, and have a strong desire to help students know and grow in Jesus Christ.

Safe Environment

We strive to provide an environment where students are safe and protected. Only respectful and safe behavior is permitted. Students must also stay in classes and youth areas for the full duration of youth programming, with the exception of bathroom breaks. If a student needs to leave early, parental consent is needed.

Servant Attitudes

We strive to be good stewards of the facilities and resources that God has entrusted to us. We ask students and adults help us keep the youth areas clean and in good repair.

Worshipful Hearts

Our number one priority is to honor the Lord and worship Him. We know that worship is much more than songs, but that everything we do and say should honor and worship Him.
